

# 6 POINT LOCK METAL LOCK SECURITY SEAL JUMBO TAG

## Application

- Suitable for highly security temper evident application

## Key Industries

Logistics & Couriers

## Specification

<b>Material:</b>	Polypropylene (PP) and Metal for insert lock
<b>Color:</b>	<ul style="list-style-type: none"><li>• Red, Yellow, Blue, Green, Orange, White are standard colors.</li><li>• Other colors available upon request</li></ul>
<b>Operating Temp:</b>	-40°C to +85°C
<b>Marking:</b>	<ul style="list-style-type: none"><li>• Offer laser marking for company logo, custom text, and barcoding</li><li>• Laser etched barcoding available. Possible only on light or pastel color</li><li>• Hot stamp marking is available against specific requirement</li></ul>
<b>Installation:</b>	No tool required
<b>Test Certificate:</b>	
<b>Packing:</b>	100 pcs bag in all sizes
<b>Unit:</b>	100 pcs/pkt

## Features

- Patented design in India & Abroad
- Highly secure & robust 6 point lock design provides highest level of security amongst all type of plastic seals
- Its two piece construction allows seal to get assembled & lock firmly at three spot as well as ultrasonic welding makes seal more secure & temper proof at another three spot thus it makes seal truly 6 point lock with no possibility of tempering
- Alpha characters provided on the strap length to prevent cutting and re-gluing
- Metal insert lock provides firm locking & much higher strength compare to normal seal
- Gripping spike provided for use on canvas/plastic bags
- Supply in easy to use stripes of 5 with no plastic waste
